Hi, I am a freelance photographer specialising in weddings and portraits – in fact I just love photographing people so whether it is a wedding, a portrait session or an event, I am right at home. Whatever the occasion I will work with you in a fun and informal way to capture a range of beautiful images. I will always spend time talking with you to make sure you get what you want from your photography. I am very experienced in working with children and ensure they have fun during a photo shoot. I am also CRB checked. I live in Bristol but am happy to travel. I hope you enjoy the photographs on my site please [contact me](#) for any further information / enquiries.
